SIX BIG ONES IN THE NET

Frisco Millionaires Indicted by the
Half Dozen.

San Francisco, May 27.—The grand jury Saturday afternoon indicted six millionaires on charge of bribery and attempted bribery, and returned additional indictments against Ruef and Schmitz.

Frank G. Drum, Eugene De Sabla, John Martin, Abe Ruef and Mayor Schmitz are indicted on fourteen counts charging that they jointly bribed fourteen of the supervisors in the sum of \$750 to fix the gas rate for 1906 at 85 in stead of 75 cents.

G. H. Umbson, J. E. Green and W. I. Brobeck and Ruef were indicted on fourteen counts charging that they jointly attempted to bribe fourteen of the supervisors in the sum of \$1,000 each to vote a trolley franchise to the Parkside Transit Company.

H. G. Umbson, J. E. Greenetardlu Judge Coffee fixed bail at \$1,000 each for the 126 counts contained in

the 28 indictments.

The grand jury adjourned until June 10, when investigation of the alleged bribery by the officials of the Home Telephone company and by others will be resumed.

BRADLEY A BIGAMIST

Man Who Was Married in Ada Recently Already Married.

The Ada marshal's office was called up Saturday and informed that Jim Bradley of Francis, who on May 22nd was married in Ada by Clerk Constant to Susie Coffee, was a bigamist, and asked that a marshal come and take him in charge.

Accordingly a marshal was sent and brought Bradley to Ada that night. He had deserted wife No. 1 in Holdenville about three months ago, and as he had not seen or heard of her since supposed she had left the country and had forgotten all about him. The fact of the matter was she had a good eye on him, and had been living within four miles of Francis all the time, and it was she who filed complaint against him.

Jennie Fanning was the name of the first wife. They had been married several years and had one child.

ELOQUENT PLEA FOR HASKELL

Hon. J. W. Bolen Speaks to Voters of Seminole

Seminole, I. T., May 27.—J. W. Bolen of Ada, I. T., addressed a large and appreciative audience at the city hall here Saturday afternoon. He said in substance as follows:

"A series of fights have already been waged by the public service corporate interests beginning with an effort to organize the convention; failing in that they appeared with their libbists, taking two thirds of the rooms in the big hotels, to formulate and dominate the thought of the convention, and after being driven from Guthrie by Haskell's anti-lobby resolution, they sought quarters at Oklahoma City, and immediately under an influence that had not before affected him, the republican mayor of that city invited the delegates to ride to that city on a special Santa Fe train and be banquetted. Mr. Haskell seeing what was meant moved that the invitation be accepted one day after the convention adjourned. After they had recognized the Aepublican Press Bureau with the purpose to send free news to all papers to citizeize, slander, and intimidate the delegates, and in this slander they were assisted by Hon. Lee Cruce who said in his speeches that if the delegates did not have the nerve to place the Jim Crow law in the constitution that he would. This was to strike a public cord and get votes. Compare this demagoguery with the statesmanship of Haskell, acting under the advice of the United States senators to leave it out, combating a public clamor that might have made his political grave.

"This interest is trying to elect Lee Cruce governor. There is being more money spent in the Cruce campaign that he has. Who puts it up? Why did the Santa Fe hold its mail train one hour and fifty-eight minutes for Mr. Cruce at Wanette, and why did the Katy run a special train to swell the Cruce crowd at Muskogee? The convention under the leadership of Haskell won the first skirmishes, will the voters allow them to win the important battle?

"Under these unfavorable conditions they made the best constitution of any state, which protects the people and restricts the interests justly. They abolished government by injunction and destroyed the power to suspend the writ of habeas corpus, or the writ of liberty, destroying two of the most effective agencies of organized wealth against organized labor. They created a corporation commission with extended powers which will deprive the railroads of this state of approximately one million dollars excessive freight rates. They prevent them from owning any competing or parallel line or to engage in any other business than hauling freight and passengers, thus destroying the power to aid in a monopoly. They provided that they must pay taxes on the full valuation instead of one-twentieth of their valuation as they now pay, and that they shall be responsible for the negligence of their employees. They provided for a product tax and the oil magnate who now pays taxes only on a pump and derrick of a possible value of \$200.00 they will have to pay on the oil they take from the ground. Haskell and Bob Williams were the leading men of the committee who reported this law. While Haskell was engaged in his duties on this committee, and defying the interests in his speech in Oklahoma City, saying, 'I do not want your votes,' the brother of Lee Cruce wrote the interests affected by this law asking their support and guaranteeing a conservative administration. Conservatism in democratic parlance means Clevelandism. Bryan is a radical. No wonder they tried to organize the convention, and no wonder they are spending more money than Cruce has, and no wonder they run special trains and stop the mail train for Cruce. What does democracy say?

"Another important provision in that constitution—written by Haskell—to the farmers of this state is the effort to produce a condition that will give us a cheaper rate of interest. The present rates excluded farmers from borrowing money for investment. It provides that where a bond or an indemnity is required that a mortgage on farm lands shall be accepted. Such paper will perform two functions:

draw interest and make bonds. Many of our state institutions will have to make bonds, our officers will have to make bonds and the anarchists who are fighting the constitution will have to make bond to stay out of jail. This will create a demand for such paper. This use of the United States bonds bearing only 2 per cent interest is worth 109 per cent in the market; then it is reasonable to suppose that a note bearing 4 per cent interest will be at par and we will have 4 per cent money. It further provides for lending to farmers the school funds which, when our school lands are sold, will amount to thirty-five or forty million dollars. I think Mr. Weaver is right in his position to sell these lands for cash and not until restrictions are removed, and then the Indian Territory fellows will have land to borrow on. Renting lands under public supervision for ten years as advocated by Mr. Dean, means that much of the land will be worn out by negligent tenants. Under the constitution the legislature under the advice of the governor, will have to name the rate of interest at which this money will be loaned. Do you want Mr. Haskell, the author of the first provision for cheap money to assist in this, or do you want Mr. Cruce, president of the Ardmore National bank, a money dealer? Do you think it would help Mr. Cruce in his banking business to turn loose forty million dollars at 6 per cent interest? Does it stand to reason that he would want this cheap rate? It conflicts with his interest as banker. The Indian Territory side of our state is largely without homes and the necessity for homes can not be too greatly magnified. Under this cheap money provisions an opportunity will be given to work out a home. What do you farmers say?

"There have been several charges and counter charges between Mr. Cruce and Mr. Haskell, and Cruce has found the opportunity to play the demagogue again and he says Haskell is slinging mud. Haskell asked him only about his stand on public questions, and he says this is slander. Haskell wanted to have joint discussions. Cruce said there was no issue between democrats and that they would disrupt the democratic party. There surely is an issue between Cleveland and Bryan, and surely they hired men in Ohio to hunt slander; J. Harvey Lynch, the ex-convict, the Oklahoman and the Ardmore Democrat, under the employment of Mr. Cruce, would have a great effect to disrupt the party. Mr. Haskell then says we will submit the matter to three representative democrats to take proof see who is guilty. Mr. Cruce refused to go into the trial, and thereby confessed that he took the stand on public questions claimed by Haskell. Haskell wanted a trial; Cruce refused it. Who is guilty? Who is slinging mud?

"I sincerely believe that Haskell is the Jefferson of our constitution and the Bryan of our new state democracy. It may be that democracy is not ready in the limelight of a duty well done to do homage to the father of our charter of liberty from carpetbag government and the thieving methods of corporate greed; but out of the same patriotism of gratitude that has immortalized Jefferson; and I believe that such an awakening has already occurred and will find expression at the polls on June 8th, when the banner of democracy will be delivered to this little Napoleon, the champion of the people."

Mr. Bolen spoke for over two hours and analyzed fully the contest. It was free from abuse and slander and appealed only to reason. If the voters of this state could all hear an analytical discussion of the situation like this and could be controlled by reason the Cruce following would be so small as to fitly rebuke the effort of the enemies of honest government. After the speaking there was a great demand for Haskell buttons, and this is a Haskell stronghold.

THE PEOPLE'S CANDIDATE

Hereby is announced the Mason Drug Co. a candidate for the Most Popular Drug Store in Pontotoc county, subject to the faction and approval of all people who want PURE DRUGS, HONEST PRICES, and a SQUARE DEAL. And this candidate will be an easy winner!

WITH CLEAN HANDS.

Weaver Deprecates Mudslinging In Senatorial Campaign.

To the people of the 23rd Senatorial District:

I am conducting a clean handed campaign for the office of state senator.

In my unpretentious speech on a street corner of Ada last Saturday I said plainly and sincerely that I had no part or parcel in any abuse or accusation directed against candidates in the senatorial race.

Mr. Roddie has scattered broadcast over this district a circular letter which alleges that his opponents (Dean and Weaver) are slurring him and saying he is a deadbeat and dishonest. I told the people Saturday that as to me this statement was not true; that, for the purpose of injuring Mr. Roddie, I had in no manner—either in person, or by my authorization, or otherwise—contributed anything reflecting on Mr. Roddie's personal integrity or character.

Mr. Roddie, at all times during this campaign, has been the aggressor, and all over this district he has been endeavoring in various ways to prejudice the people against the candidates of both Dean and Weaver. Never saying a word in private or public against the character or personal integrity of Mr. Roddie, I have been addressing myself to the defense of my platform of principles and of my own honor. First, I defended myself against the accusation—made by Roddie—that a ring which he said I controlled in Ada had brought Dean into the race merely to weaken Roddie's strength.

Next, I defended myself against Roddie's charge that his opponents were saying he was dishonest and a deadbeat. As regards this I stated emphatically that if it could be shown I had attacked Roddie by any such unfair method, I would quit the race; that I was trying to win the race on what merits I may have, and in no wise on the demerits of other candidates.

Now, my fellow citizens, here is the extraordinary situation of affairs in this race: I refused to attack the character or personal standing of Mr. Roddie, and against his attacks on my moral rectitude and my political integrity—on the former only in private and on the latter in both private and public—I have until now seen fit to defend only my political integrity, which should be as dear to a man as his personal honor. Mr. Roddie was determined to stir up a sympathy for his candidacy, and apparently concluding his attacks were not bringing best results, he wrote the circular letter saying his opponents were slandering him, were accusing him of being dishonest, a deadbeat, etc. I have promised if this charge as to me can be substantiated I will quit the race.

The people are now asked to take note of the most preposterous accusation of all, viz: that Carlton Weaver, brother of Otis, went to Muskogee recently and got Roddie indicted for forgery.

In a public speech Saturday, Roddie referred to his having been arrested the day before on a warrant from the Muskogee court charging him with forgery, and he persisted in insinuating that Carlton Weaver had gone to Muskogee and had him indicted. It is a grave matter to be accused of forgery; but it is a yet graver matter to be accused of ruining the happiness of a home, and bringing sorrow to an old father and innocent sisters. A grand jury composed of sixteen citizens, sworn to do their duty, accuses Roddie of the crime of forgery. Roddie now tries to drag Carlton Weaver's name into reproach and thus defeat his brother by accusing him of concocting the whole trouble.

In these columns tomorrow Carlton Weaver will make clear statement of the whole matter, so far as it concerns him and defend himself from Roddie's slurs.

MENEFFEE A WINNER

Almost Certain to Be Selected the First State Treasurer.

The ringing resolutions adopted by the Caddo County Democratic committee endorsing the candidacy of Hon. J. A. Menefee for state treasurer was but a fitting tribute to a loyal democrat, that has worked faithfully and energetically for the democratic party since the organization of Caddo county.

His wife in the Oklahoma senate was entirely satisfactory to the democrats of his district and as treasurer of the state democratic campaign committee, he devoted three months of his time in going over the state soliciting funds to secure the election convention.

This he did of his own expense and he is certainly entitled to anything reasonable he asks for at the hands of the democracy of Oklahoma.

He is entirely qualified for the position and no doubt will be the first state treasurer of Oklahoma.

Mr. Menefee is a candidate who fully deserves to hold the "cinch" he will add much dignity emfwymfzk does hold on the nomination. He will add much dignity and strength to the democratic ticket; this, not to speak of his superior qualifications for the office sought. And he is the sort of a man who will work and never quit working for the success of the whole ticket.

It is fortunate for the party, fortunate for the state, that Menefee's nomination and his election is such a certainty.

YET REPUBLICANS STAND PAT.

In an editorial entitled, "Wages De-lusion," the Louisville Courier-Journal makes an interesting answer to a republican newspaper that claims that the cotton mill operators in North Germany get only \$191.04 a year, while in America they get \$304.57.

The Courier-Journal says: "It looks a little queer to see arguments for protection made on the ground that it gives our laborers \$304.57 a year. There are 313 working days in a year, barring holidays with pay, so that the wage is less than a dollar a day. Now a farm laborer at \$20 a month and board gets \$240 in money and the board would, even at a low rate, bring the total up as high as that of the cotton-mill operator. It is well known that the farm laborer has no protection, and it is hard to see how the cotton-mill operator gets any benefit from it. Laborers in many unprotected employments get more than a dollar a day. Moreover, the owners of cotton mills import laborers free from foreign countries. If the protective tariff makes prices of commodities high—and we know it does—why is there not a tariff on imported labor? that is the logic of protection to labor by a tariff, if it is to be done at all, but the fact of it is that it is not intended to make labor high. The men who make this argument in order to get labor support are the same men who import foreign labor to keep down the prices they must pay to laborers at home. They are the men who sell to customers in America steel rails for \$28 a ton, and sell them abroad at \$20 or \$22, making a big profit on an article which confessedly costs about \$16. The argument that protection makes high wages is a ridiculous fallacy. They have always been higher in America than in Europe. But in Europe the highest wages are paid in free trade England, and the countries where they are lowest have the most rigid systems of protection.—Commoner.

IS CARTER A REPUBLICAN?

R. Sarlls Puts the Question to His Opponent.

Is Carter a Republican? He is threatening that the Indians will go republican if he is not elected to congress. He, being most interested, and an Indian, does not include himself in this threat? Is Linebaugh a good democrat? He has fattened at the republican pie counter and supports the republican doctrine of emptying the classes from carrying their part of the burdens of government. Like Carter, at this late hour, he cries out, "I can't get any more than partial removal." Will you take their inexperience as an excuse for this foolish dodging and elect either of them to congress?

I would not consider voting for an Indian who did not, with his announcement for office, pledges his, as well as his family's land for taxation.

I say down with those democrats who are democrats for office only. Have not these democrats pledged themselves to the tax dodgers of this district? Look about you and see who supports them strongest. There you will see the Indian and squaw man in line. Will you line up with them? Will you be bluffed with Carter's republican ghost story?

I have traveled over this entire district in a buggy this campaign and not an Indian have I seen at work. The white man, his wife and his daughters I have seen in the fields working everywhere. If I am elected I will protect these wives and daughters from work to pay taxes for these idle landlords. I despise the cowardly half removal sentiment.

Don't forget the pioneer who has pulled all the hills of the past. A mountain now confronts us. Will you harness a colt or a bronco without a collar mark, whose sires were never known to work, in preference to the old stager, for this hard pull?

I am for a square deal. My people have not had it. If I go to congress I will do my best for you. If you come to Washington no cards are necessary—just let me know you are in town.

TREADWELL TO THE FRONT

The Common People are Rallying to His Support.

With the common people, including the farmers and laboring men rallying around his banner, in their desire to rebuke machine politicians, the Hon. S. C. Treadwell of Tishomingo, who has announced for the democratic nomination for justice of the supreme court has been making a rapid tour of the east central portion of the new state during the past few days, and has positive assurance that Le Flore, Haskell and Latimer counties will pile up huge majorities for this former Arkansas boy, and self made man.

When it became positively known Flore county was so warmly welcomed by the attitude of some of the democratic papers in Le Flore county, that they had been purchased by Treadwell's opponents, and were being used to publish falsehoods in an attempt to deceive the common people, Treadwell's friends began to be enthusiastic in their efforts.

The result was that in his speeches in that section last week, he drew extra large audiences and applause was lavish.

The farming population of Haskell county is especially strong for Treadwell and will support him to a man.

WHY THE CONSTITUTION SHOULD BE ADOPTED.

Every citizen of Oklahoma who has read the constitution doubtless says, "If I had written the constitution it would have contained some provisions which I do not find in it and I would have omitted some provisions which it contains." This is true of every constitution ever written. Why? No two men think alike upon all questions, and because constitutions, like all kinds of legislation are the result of mutual concessions and compromises of opinions. Therefore, if we vote against the present constitution because we do not like some of its provisions, or because it omits some things which we favor, the result will be that we will never have an opportunity to vote for a constitution which will please us in all particulars, and present conditions, which so vex and harass the people and which deny to us the right of every American, to participate in forming our own laws and of governing ourselves, will never be enjoyed by the people of Oklahoma.

We should remember that perfection is not an attribute of human nature. The man who looks for perfection on this earth is an idle dreamer, destined to certain disappointment. Even the sun has spots upon it. Then why should thinking men expect perfection in a constitution or anything else of a human or earthly character? We must have statehood before we can secure control of our own affairs. We must adopt a constitution before we can have a state government. Ours is a government of and by majorities. No one can truthfully deny that the constitution embodies the will of the majority of the people of Oklahoma. The man who is not willing to submit to the will of majority upon jurisdictions of government is afraid to trust the people. The man who is afraid to trust the people is a monarchist at heart and is an enemy to the principles of our government. We must either have the rule of the minority or the rule of the majority, no one can deny. The rule of the minority means a financial aristocracy and its last analysis is monarchy. The man who believes in this idea is right in opposing the adoption of the constitution. He should be consistent and leave the United States and move to some country where they have a kind, a sultan, an emperor or a czar.

It is true that the people do make mistakes, but as the evil consequences of these mistakes rest upon their shoulders when they have an opportunity for investigation and time for reflection they can be safely trusted to correct their own ways and do that which is right. This is the fundamental principal of our government. If this is not true then a republican form of government is a mockery, a snare and a delusion.

So my friend if you want statehood you should vote for the constitution, even though you may not like it in all respects. If you think some of its provisions are wrong and you are not willing to trust the people to amend it, if experience should prove that you are right in your own views, if you deny this, what right have you to call yourself a loyal American?—Henry M. Furman, Ada, I. T.

THANKS.

C. G. Jones, president of the State Fair Association of Oklahoma which is capitalized at \$100,000 has appointed The News editor as honorary vice-president to represent Pontotoc county. The duties of the position are thus described: "To use his influence for the good and success of the Fair, encouraging people to make exhibits, to attend the Fair, and in fact to do everything he can to make it a grand success."

The editor gratefully accepts the honor and cheerfully shoulders the responsibility—as much as he can carry. Oklahoma state is going to be great, it ought to have a great state fair.

Methodist Revival.

The revival will begin at the Methodist church Sunday June 9th and continue for two weeks. This is the only time we can get the help we desire and we are praying for a gracious meeting.

We have postponed our revival twice this year—first for the Baptist brethren and then for the meeting that is in progress at the Christian church. We will follow up their meeting for two weeks and trust that all the religious people of the town will pray for a great outpouring of the Holy Spirit upon the community. My father, Rev. W. M. P. Rippey, will do the preaching and Bro. O. W. Stevens the singing if we can get him. These men have worked here before and you know the character of their work.

REPORT OF THE COMMITTEE APPOINTED TO SELECT VOTING PRECINCTS.

To the chairman and Members of the County Central Committee of Pontotoc County:

We, your committee appointed to divide the county of Pontotoc into voting precincts for the primary election to be held on the 8th of June, beg to submit herewith our report. We have endeavored to select the voting precincts as near to the taxable and at the same time taking into consideration the fact that we are bound to conform to the justice precincts.

Whatever inconvenience any Democrat may be put to by this report is occasioned by the necessity of conforming voting precincts to justice precincts and commissioner's districts. Following is a list with descriptions of boundary of voting precincts, to wit:

The following changes have been made since drawing the boundaries described below:

1. Sections 5, 6, 7, 8, 17 and 18 of township 6 north, 5 east in the northern part of Bebee precinct go to Maxwell.

2. That part of East Ada precinct, outside of city limits and east of commissioners line go to Kirk old house, Capital Hill.

3. All west of commissioners line in West Ada precinct and outside of city go to Daggs's residence, northwest of city.

4. That portion of Stonewall and Frisco precincts north of commissioners district line, in township 3 north, range 7 east, vote at Owl creek school house.

5. All that part of Roff precinct outside of city limits vote at the Chester residence south of Roff. Commencing at the mouth of San

Prisco Millionaires Indicted by the
Halt Dozen.

San Francisco, May 27.—The grand jury Saturday afternoon indicted six millionaires on charge of bribery and attempted bribery and returned additional indictments against Ruf and Schmitz.

Frank G. Drum, Eugene De Saba, John Martin, Abe Ruef and Mayor Schmitz are indicted on fourteen counts charging that they jointly bribed fourteen of the supervisors in the sum of \$750 to fix the gas rate for 1906 at 85 in stead of 70 cents.

G. H. Umbson, J. E. Green and W. I. Brobeck and Ruef were indicted on fourteen counts charging that they jointly attempted to bribe fourteen of the supervisors in the sum of \$1,000 each to vote in this franchise to the Parkside Transit Company.

H. G. Umbson, J. E. Green and W. I. Brobeck were indicted on fourteen counts charging that they jointly attempted to bribe fourteen of the supervisors in the sum of \$1,000 each for the 126 counts contained in

the 28 indictments.
The grand jury adjourned until June 19, when a investigation of the alleged bribery by the officials of the Home Telephone company and by others will be resumed.

BRADLEY A BIGAMIST

Man Who Was Married in Ada Recently Already Married.

The Ada marshal's office was called up Saturday and informed that Jim Bradley of Francis who on May 22nd was married in Ada by Clerk Constant to Susan Coffee was a bigamist and asked that a marshal come and take him in charge.

Accordingly a marshal was sent and brought Bradley to Ada that night. He had deserted wife No. 1 in Holdenville about three months ago and as he had not seen or heard of her since supposed she had left the country and had forgotten all about him. The fact of the matter was she had a good eye on him and had been living within four miles of Francis all the time and it was she who filed complaint against him.

James Manning was the name of the first wife. They had been married several years and had one child.

ELOQUENT PLEA FOR HASKELL

Hon. J. W. Bolen Speaks to Voters of Seminole

Seminole, May 27.—J. W. Bolen of Ada, I. T., addressed a large and appreciative audience at the city hall here Saturday afternoon. He said in substance as follows:

A series of fights have already been waged by the public service corporate interests beginning with an effort to organize the convention failing in that they appeared with their lobbyists taking two thirds of the rooms in the big hotels to formulate and dominate the thought of the convention and after being driven from Guthrie by Haskell's anti lobby resolution they sought quarters at Oklahoma City and immediately under an influence that had not before affected him the republican mayor of that city invited the delegates to ride to that city on a special Santa Fe train and be lodged at the Haskell hotel. This was a move that the convention accepted one day after the convention adjourned. After they had received the Republican Press Bureau with the purpose to send five or six papers to criticize standing in the minds of the delegates and in the minds of the people. It was stated by one of the delegates who said in his speech that he did not believe in the Haskell hotel. This was a move that he would not have made if he had known that the Haskell hotel was a trap. This was a move that he would not have made if he had known that the Haskell hotel was a trap. This was a move that he would not have made if he had known that the Haskell hotel was a trap.

This interest is trying to elect Tee-Crue governor. There is being more money spent in the Tee-Crue campaign than in any other. Who puts it up? Who has the Santa Fe hold a small fund on him and fifty eight minutes for Mr. Tee-Crue at Waukegan and why did the Santa Fe hold a small fund to swell the Tee-Crue crowd at Muskogee? The convention under the leadership of Haskell won the first skirmishes, will the voters allow them to win the important battle?

Under these unfavorable conditions they made the best constitution of any state which protects the people and restricts the interests justly. They abolished government by injunction and destroyed the power to suspend the writ of habeas corpus or the writ of liberty destroying two of the most effective agencies of organized wealth against organized labor. They created a corporation commission with extended powers which will deprive the railroads of this state of approximately one million dollars excessive freight rates. They prevented them from owning any competing or partial line or to engage in any other business than hauling freight and passengers thus destroying the power to and in a monopoly. They provided that the majority lives on the full constitution instead of one twentieth of the population as they now pay and that they shall be responsible for the maintenance of their employees. They provided for a product tax and the oil men who now pay taxes only on a lump sum and deride it as possible to pay a product tax will have to pay the oil they take from the ground. B. Skell and Bob Williams were the leading men of the committee who reported this law. While Haskell was engaged in his duties on this committee and during the interests in his speech in Oklahoma City saying I do not want your votes, the brother of Tee-Crue wrote the interests affected by this law asking their support and guaranteeing a conservative administration. Conservatism in democratic parlance means Clevelandism. Bryan is a radical. No wonder they tried to organize the convention, and no wonder they are spending more money than Tee-Crue has, and no wonder they run special trains and stop the mail train for Tee-Crue. What does democracy say?

Another important provision in that constitution—written by Haskell—to the farmers of this state is the effort to produce a condition that will give us a cheaper rate of interest. The present rates excluded farmers from borrowing money for investment. It provides that where a bond or an indemnity is required that a mortgage on farm lands shall be accepted. Such paper will perform two functions: draw interest and make bonds. Many of our state institutions will have to make bonds our officers will have to make bonds and the anarchists who are fighting the constitution will have to make bonds to stay out of jail. This will create a demand for such paper. This use of the United States bonds bearing only 2 per cent interest is worth 100 per cent in the market then it is reasonable to suppose that a note bearing 4 per cent interest will be at par and we will have 4 per cent money. It further provides for lending to farmers the school funds which when our school lands are sold will amount to thirty-five or forty million dollars. I think Mr. Weaver is right in his position to sell these lands for cash and not until restrictions are removed and then the Indian Territory follows will have land to borrow on. Renting lands under public supervision for ten years as advocated by Mr. De N means that much of the land will be worn out by negligent tenants. Under the constitution the legislature under the advice of the governor, will have to name the rate of interest at which this money will be loaned. Do you want Mr. Haskell the author of the first provision for the loan of money to a state in this or do you want Mr. Tee-Crue president of the Admire National Bank? I think I would prefer Mr. Tee-Crue. I think it would help Mr. Tee-Crue in his bank business to turn loose forty million dollars at a 4 per cent interest. Does it tend to reason that he would want this cheap rate? It conflicts with his interest as banker. The Indian Territory side of our state is largely without homes and the necessity for homes can not be too great. Is a state under this cheap money provision an opportunity will be given to work out a home. What do you farmers say?

There have been several charges and counter charges between Mr. Tee-Crue and Mr. Haskell and Tee-Crue has found the opportunity to play the demagogue again and he says Haskell is slinging mud. Haskell asked him only about his stand on public questions and he says this is slander. Haskell wanted to have joint discussions. Tee-Crue said there was no issue between democrats and that they would disrupt the democratic party. There surely is an issue between Cleveland and Bryan and surely they have men in Ohio to hunt slander. I have Lynch the ex convict the Oklahoma man and the Admire Democrat under the employment of Mr. Tee-Crue would have a great effect to disrupt the party. Mr. Haskell then says we will submit the matter to three representative democrats to take proof see who is guilty. Mr. Tee-Crue refused to go into the trial and thereby confessed that he took the stand on public questions of himself. Haskell asked him who is guilty? Who is slandering him? I sincerely believe that Haskell is the champion of our constitution and the Bryan of our new state democracy. It may be that democracy is not ready in the line of a duty well done to do homage to the father of our charter of liberty from cupid, avarice and the thieving methods of corporate greed but out of the same patriotism of gratitude that has immortalized Jefferson and I believe that such an awakening has already occurred and will find expression at the polls on June 8th when the banner of democracy will be delivered to this little Napoleon the champion of the people.

Mr. Bolen spoke for over two hours and analyzed fully the contest. It was free from abuse and slander and appealed only to reason. If the voters of this state could all hear an analytical discussion of the situation like this and could be controlled by reason the Tee-Crue following would be so small as to fitly rebuke the effort of the enemies of honest government. After the speaking there was a great demand for Haskell buttons and this is a Haskell stronghold.

THE PEOPLE'S CANDIDATE

Hereby, I announced the Mason Drug Co. as candidate for the Most Popular Drug Store in Pontotoc county, subject to the action and approval of all people who want PURE DRUGS, HONEST PRICES, and a SQUARE DEAL. And this candidate will be an easy winner!

WITH CLEAN HANDS.

Weaver Depreciates Mudslinging in Senatorial Campaign.

To the people of the 33rd Senatorial District:

I am not a politician, a clean handed campaigner for the office of State Senator.

In my untimely speech on a street corner of Ada last Saturday I said I did not and sincerely trust I had no part or parcel in my ill-considered oration directed against candidates in the senatorial race.

Mr. Roddie has scattered broadcast over this district a circular letter which alleges that as opponents (Dean and Weaver) are stirring him and saying he is a deceiver and dishonest. I told the people Saturday that as to me this statement was not true, that for the purpose of injuring Mr. Roddie I had no manner of being in person or by my authorization or otherwise contributed anything reflecting on Mr. Roddie's personal integrity or character.

Mr. Roddie at all times during this campaign has been the aggressor and all over this district he has been endeavoring in various ways to prejudice the people against the candidates of both Dean and Weaver. Never saying a word in private or public against the character or personal integrity of Mr. Roddie I have been addressing myself to the defense of my platform of principles and of my own honor. I just defended myself against the accusation made by Roddie—that a time which he said I controlled in Ada had brought Dean into the race merely to weaken Roddie's strength.

Next I defended myself against Roddie's charge that his opponents were saying he was dishonest and a deceiver. As regards this I stated emphatically that if it could be shown I had attacked Roddie by any such unkind method I would quit the race. That I was trying to win the race on what merits I may have and in no way on the demerits of other candidates.

Now I ask how citizens here in this district are to be misled in this race. I refused to attack the character or personal standing of Mr. Roddie and against his attacks on me I retorted and my public utterances in the matter only referred to the letter in both private and public—I have until now said that I did only my plain duty and which she should be held to a man's his personal character. Mr. Roddie was determined to start a vicious fight for his own利益 and I am sorry to say his personal character was not immaculate. I said he was a deceiver and a dishonest man. I said he was a deceiver and a dishonest man. I said he was a deceiver and a dishonest man.

In my speech Saturday I stated that he has been stirring them up for a while and that the Astoria County election was being fought with force and that I was in no manner a part of it. I said I was in no manner a part of it. I said I was in no manner a part of it.

In these columns tomorrow Carlton Weaver will make clear statement of the whole matter so far as it concerns him and defend himself from Roddie's slurs.

MENEFFEE A WINNER

Almost Certain to Be Selected the First State Treasurer.

The time has arrived when the Oklahoma County Democratic Committee will endeavor to elect a member to the State Auditor's office. A member for State Auditor was elected from Oklahoma County at the last election. This work has been done by the Oklahoma County Democratic Committee.

His was in the Oklahoma Senate was entirely satisfactory to the demand of his district and is treasurer of the democratic campaign committee. He devoted the last month of his time in going over the state so that he could secure the election convention.

This he did at his own expense and he is certainly entitled to anything reasonable he asks for at the hands of the democracy of Oklahoma.

He is entirely qualified for the position and no doubt will be the first State Treasurer of Oklahoma.

Mr. Meneffee is a candidate who fully deserves to hold the office. He will add much dignity and worth to the democratic ticket. This is the sort of man who will work and never quit working for the success of the whole ticket.

It is fortunate for the party fortunate for the state that Meneffee's nomination and his election is such a certainty.

LET REPUBLICANS STAND PAID.

In an editorial entitled "Wages Decline" the Louisville Courier Journal makes an interesting answer to a republican newspaper that claims that the cotton mill operators in North Germany get only \$10.00 a year while in America they get \$30.00.

The Courier Journal says: "It looks a little queer to see arguments for protection made on the ground that it gives our laborers \$20.00 a year. If there are 113 working days in a year, the wages are less than a dollar a day. Now a farm laborer at \$20.00 a month and board gets \$2.00 in money and the board would even at a low rate bring the total up as high as that of the cotton mill operator. It is well known that the farm laborer has no protection and it is hard to see how the cotton mill operator gets any benefit from it. It shows in many important employments, not more than a dollar a day. Moreover the owners of cotton mills import laborers from foreign countries. If the protective tariff makes prices of commodities high—and we know it does—why is there not a tariff on imported labor? That is the logic of protection to labor. If a tariff of 20 cents a day on all that the farmer of it is that it is not intended to make labor high. The men who make this argument in order to get a tariff support the same men who import foreign labor to keep down the prices they must pay to their labor at home. They use the men who sell to customers in America steel rails for \$25 a ton and sell them abroad at \$20 or \$22, making a big profit on an article which confessedly costs about \$10. The argument that protection makes such wages is a ridiculous fallacy. They have always been higher in America than in Europe. But in Europe the highest wages are paid in free trade England and the countries where they are lowest have the most rigid systems of protection—Commonwealth.

The Shoe Man

The Marshal Had to Hurry.

Saturday night about six o'clock Policeman Culver arrested an Indian named R. P. McKinney who was drunk and had been disturbing the peace on Main street. He was taken to the Mayor's office and dunned an immediate trial. Judge Barton accommodated him and assessed a fine of about \$5 including costs. McKinney said he could get the money all right if Culver would accompany him down town where he could see some of his friends. They went in a place of business and McKinney hiked out the back door. Culver had a race on hand—he chased the fellow seven blocks before he caught him. Bail was later made, and McKinney then did succeed in getting out of town. He was caught at Roll by the city marshal of that place and brought back to Ada today. He now languishes in the city jail. Sorry and wiser. McKinney is from Ardmore.

IS CARTER A REPUBLICAN?

R. Sarlis Puts the Question to His Opponent.

Is Carter a Republican? He is threatening that the Indians will go republican if he is not elected to congress. He, being most interested, and an Indian, does not include himself in this threat? Is Lingbaugh a good democrat? He has fattened at the republican pie counter and supports the republican doctrine of exempting the classes from carrying their part of the burdens of government. Like Carter, at this late hour, he cries out, "I can't get any more than partial removal." Will you take their inexperience as an excuse for this foolish dodging and elect either of them to congress?

I would not consider voting for an Indian who did not, with his announcement for office, pledge his, as well as his family's land for taxation.

I say down with those democrats who are democrats for office only. Have not these democrats pledged themselves to the tax dodgers of this district? Look about you and see who supports them strongest. There you will see the Indian and squaw man in line. Will you line up with them? Will you be blinded with Carter's republican ghost story?

I have traveled over this entire district in a buggy this campaign and not an Indian have I seen at work. The white man, his wife and his daughters I have seen in the fields working everywhere. If I am elected I will protect these wives and daughters from work to pay taxes for these idle landlords. I despise the cowardly half removal sentiment.

Don't forget the pioneer who has pulled all the hills of the past. A mountain now confronts us. Will you harness a colt or a bronco without a collar mark, whose aires were never known to work, in preference to the old stager, for this hard pull?

I am for a square deal. My people have not had it. If I go to congress I will do my best for you. If you come to Washington no cards are necessary—just let me know you are in town.

TREADWELL TO THE FRONT

The Common People are Rallying to His Support.

With the common people, including the farmers and laboring men rallying around his banner, in their desire to rebuke machine politicians, the Hon. S. C. Treadwell of Tishomingo, who has announced for the democratic nomination for justice of the supreme court has been making a rapid tour of the entire rural portion of the new state during the past few days, and has positive assurance that Le Flore, Haskell and Latimer counties will pile up huge majorities for this former Arkansas boy, and self made man.

When it became positively known Le Flore county was rallying by the attitude of some of the democratic papers in Le Flore county, that they had been purchased by Treadwell's opponents, and were being used to publish falsehoods in an attempt to deceive the common people, Treadwell's friends began to be enthusiastic in their efforts.

The result was that in his speeches at that section last week, he drew extra large audiences and applause was lavish.

The farming population of Haskell county is especially strong for Treadwell and will support him to a man.

WHY THE CONSTITUTION SHOULD BE ADOPTED.

Every citizen of Oklahoma who has read the constitution doubtless says, "If I had written the constitution it would have contained some provisions which I do not find in it and I would have omitted some provisions which it contains." This is true of every constitution ever written. Why? No two men think alike upon all questions, and because constitutions, like all kinds of legislation are the result of mutual concessions and compromises of opinions. Therefore, if we vote against the present constitution because we do not like some of its provisions, or because it omits some things which we favor, the result will be that we will never have an opportunity to vote for a constitution which will please us in all particulars, and present conditions, which so vex and harass the people and which deny to us the right of every American, to participate in forming our own laws and of governing ourselves, will never be enjoyed by the people of Oklahoma.

We should remember that perfection is not an attribute of human nature. The man who looks for perfection on this earth is an idle dreamer, destined to certain disappointment. Even the sun has spots upon it. Then why should thinking men expect perfection in a constitution or anything else of a human or earthly character? We must have statehood before we can secure control of our own affairs. We must adopt a constitution before we can have a state government. Ours is a government of and by majorities. No one can truthfully deny that the constitution embodies the will of the majority of the people of Oklahoma. The man who is not willing to submit to the will of majority upon jurisdictions of government is afraid to trust the people. The man who is afraid to trust the people is a monarchist at heart and is an enemy to the principles of our government. We must either have the rule of the majority or the rule of the minority, no one can deny. The rule of the minority means a financial aristocracy and its final analysis is monarchy. The man who believes in this idea is right in opposing the adoption of the constitution. He should be consistent and leave the United States and move to some country where they have a kind, a sultan, an emperor or a czar.

It is true that the people do make mistakes, but as the evil consequences of these mistakes rest upon their shoulders when they have an opportunity for investigation and time for reflection they can be safely trusted to correct their own ways and do that which is right. This is the fundamental principle of our government. If this is not true then a republican form of government is a mockery, a snare and a delusion.

So my friend if you want statehood you should vote for the constitution, even though you may not like it in all respects. If you think some of its provisions are wrong and you are not willing to trust the people to amend it, if experience should prove that you are right in your own views, if you deny this, what right have you to call yourself a loyal American?—Henry M. Furman, Ada, I. T.

THANKS.

C. G. Jones, president of the State Fair Association of Oklahoma which is capitalized at \$100,000 has appointed The News editor as honorary vice-president to represent Pontotoc county. The duties of the position are thus described: "To use his influence for the good and success of the Fair, encouraging people to make exhibits, to attend the Fair, and in fact to do everything he can to make it a grand success."

The editor gratefully accepts the honor and cheerfully shoulders the responsibility—as much as he can carry. Oklahoma state is going to be great, it ought to have a great state fair.

Picnic at Tupelo.

Tupelo is preparing for a big picnic on Saturday, June 1st. The Ada merchant's band has been engaged to play and the M. K. & T. will give a low excursion rate. Probably many will attend from Ada.

Methodist Revival.

The revival will begin at the Methodist church Sunday June 9th and continue for two weeks. This is the only time we can get the help we desire and we are praying for a gracious meeting.

We have postponed our revival twice this year—first for the Baptist brethren and then for the meeting that is in progress at the Christian church. We will follow up their meeting for two weeks and trust that all the religious people of the town will pray for a great outpouring of the Holy Spirit upon the community.

My father, Rev. W. M. P. Rippey, will do the preaching and Bro. O. W. Stevens the singing if we can get their work.

T. L. Rippey, Pastor.

REPORT OF THE COMMITTEE APPOINTED TO SELECT VOTING PRECINCTS.

To the chairman and Members of the County Central Committee of Pontotoc County:

We, your committee appointed to divide the county of Pontotoc into voting precincts for the primary election to be held on the 8th of June, begu submit herewith our report.

We have endeavored to select the voting precincts as near to the natural and at the same time taking into consideration the fact that we are bound to conform to the justice principles.

Whatever inconvenience any Democrat may be put to by this report is occasioned by the necessity of conforming voting precincts to justice principles and commissioner's districts. Following is a list with descriptions of boundary of voting precincts, to wit:

The following changes have been made since drawing the boundaries described below:

1. Sections 5, 6, 7, 8, 17 and 18 of township 6 north, 5 east in the northern part of Bebee precinct go to Maxwell.
2. That part of East Ada precinct, outside of city limits and east of commissioners line go to Kirk old house, Capital Hill.
3. All west of commissioners line in West Ada precinct and outside of city go to Dagg's residence, northwest of city.
4. That portion of Stonewall and Frisco precincts north of commissioners district line, in township 3 north, range 7 east, vote at Owl creek school house.
5. All that part of Ross precinct outside of city limits vote at the Chester residence south of Ross.
